

Datasheet: **CLASSIC**SignLED®

A classic on the road ...

The **CLASSIC**SignLED® was launched back in 1970, and the sign has since become a classic and is the reason for the success of this type of lighting.

The sign is made in a sturdy, silver-anodised aluminium design with pressed front in moulded acrylic.

The **CLASSIC**SignLED® is equipped with the same specially-developed 24-volt LED technology as the other SRI vehicle roof signs. This means extremely high performance, low power consumption and long life.
